"I went with Grant Sheds due to the positive experience & help designing the shed. It got me a higher shed than originally intended for not much more money."

David Rasheed, 'Boolapuckee' Kingston SE, SA

**When David bought his first Grant Shed in 2015 he expected it would be the last he'd need. Now he has 6 Grant Sheds including Machinery, Hay & a Sliding Roof Fertiliser Shed.*

Smart farmers understand

the time-saving value, & much higher re-sale value on machinery protected from our harsh Aussie sun, as great financial reasons to invest in a new machinery shed.

15m x 30m x 5.1m Multi-Entry Machinery Shed

for long & wide farm machinery. Open 1 end, plus a 6m wide-beam & 2 easy-roll sliding doors on the back corner gives easy entry to the back of the shed.

"Quality shed, great customer service, fantastic builders. Just a couple of phone calls to get help to plan the shed, order it and it's underway. Everyone is polite & easy to deal with."

Todd Niejalke, 'Yerrinan' Pinnaroo SA

7.5m x 9m x 2.4m Easy-Roll Sliding Roof Fertiliser Shed.

Shown here in the closed position & with optional swing doors. Run-out tracks behind for when roof opened. Available 9m, 12m or 15m long. It takes only a couple of minutes to open or close.

"It definitely saves us a few quid...and it's convenient. Now we buy fertiliser when we get a good deal, put it in this bunker and use it when we like, knowing it'll be in good condition. We store other items like wool, or feed grain too."

Damien Florance, Kangaroo Island SA

Ben wanted a shed to protect his large and expensive farm machinery that could also be used for on-farm grain storage at harvest. Grain can be unloaded in this shed or loaded trucks driven straight in at times of inclement weather. 'Cycling' grain through the shed so that harvest can continue uninterrupted by transport delays is another big benefit.

"Wonderful experience with Grant Sheds. Everything was prompt, on time and extremely well built. I won't bother looking anywhere else for my next shed."
